

CHEESEQUAKE FARMS

Route 9 & Jake Brown Road
Old Bridge, NJ
(732) 721-5728

Dear Friends,

Your child visited Cheesequake Farms today and enjoyed a tour of our working farm.

The tour began with a warm welcome and walk through our farm market to see where "Jersey Fresh" Produce is sold.

In the Creativity Area unique gourds were displayed and described, the story of Indian corn was told and a view of the daily life at a miniature farm was discussed.

In our Discovery Room we observed different varieties of pumpkins, their seeds and the development and parts of the plant.

Next everyone followed a yellow brick road to visit a modern twist to an old story at the Land of "Oz".

A walk past the chrysanthemums and pumpkins brought us to some furry and feathery friends who rejoiced at our arrival.

A welcomed seat and activity was our next stop.

Hurray!! Off on a hay wagon for a fun ride to the Pumpkin Patch to choose that "Perfect Pumpkin". There were a few surprises before we waved farewell to all!

Our farm is open on weekends from 9:30am to 5pm so you and your family can experience and enjoy our fall attractions. For more information or directions please call (732) 721-5728.

We look forward to seeing you.

Happily

Cheesequake Farms
